

KING'S HORSE  
WON THE RACEKing Edward's Minouru Cap-  
tured English Derby To-day

## HAD BEEN THE FAVORITE

This Is the First Time That the Monarch  
Has Won the Race, Although He  
Was Twice a Victor When He  
Was Only a Prince.

Epsom Downs Race Track, Eng., May 26.—King Edward's Minouru won the famous English Derby today. The race was run in a driving rain. The purse was for \$32,350. This is the first time that the reigning monarch has won the Derby, the great English event. Edward was twice a victor when he was a prince. Minouru was a hot favorite for the Derby before the race started. Last year the colt was not rated as a winner but he developed phenomenally during the winter. On April 26 he easily won 2,000 guineas at Newmarket.

W. Raphael's Louviers, which ranked third in the list of favorites, was the winner of second place today, while William the Fourth came in third. The race was not spectacular.

An Minouru won by a close head, King Edward, Queen Alexandra and the Prince of Wales stood up in the royal box and bowed and smiled. Then King Edward leapt to lead his horse to the weighing booth and he was mobbed by the wildly enthusiastic thousands, who made the welkin ring with "God Save the King." It was the greatest scene of enthusiasm ever seen in England.

The American horse Sir Martin came home far in the rear.

## SUIT WITHDRAWN.

Dudley Asked Receiver For U. S. Ex-  
press Co.

New York, May 26.—The application of John S. Dudley to have a temporary receiver appointed for the United States express company was withdrawn yesterday when the case was called in the supreme court.

Counsel for the plaintiff gave no reason for withdrawing the suit, but said the application would probably be renewed in a few days.

Counsel for Mr. Dudley announced today that they were in communication with James M. Mahan of Minneapolis, Minn., counsel for Senator Benjamin K. Sundberg. Mr. Mahan, they said, notified them that Senator Sundberg was bringing an action against the Adams, American and United States express companies to compel them to produce their books before the interstate commerce commission.

According to papers forwarded by Senator Sundberg's counsel, the senator charges the three companies named with exacting the payment of unreasonable rates for transportation by maintaining a monopoly of the express business.

## SENTENCED TO SEVEN YEARS.

Convicted at Farmington of Man-  
slaughter.

Farmington, Me., May 26.—Guilty of manslaughter and a sentence of seven years at hard labor in the state prison at Thomaston were the outcome yesterday of the trial of Charles A. Wilson of industry on the charge of murder which was brought against him after the shooting of Roy S. Brackley at West's Mills on the night of March 19, 1904. He will be taken to prison probably tomorrow by Sheriff Coolidge.

The trial was of remarkably short duration. It opened yesterday morning and the case was given to the jury at 11:50 a. m. today. The verdict was reached in 3 1/2 hours. Later Wilson was sentenced.

A plea that the shooting was done in self-defense was made in the closing argument for the respondent, it being claimed that Brackley was about to strike Wilson with an ax when the shots were fired. Brackley was 19 years old and Wilson is about 20.

## EVIDENCE OF PLOT.

Detective Petrosino Was Halted By Man  
He Had Uncovered.

Naples, May 26.—Evidence that Joseph Petrosino, the New York detective who was shot mysteriously in Palermo, was the victim of a Naples camorra organization of black hand society was discovered today among the documents in connection with the case of Enrico Alfano, a camorra leader, who is charged with murder. It is believed that Petrosino revealed the hiding place of Alfano to the Neapolitan police, in revenge for which Alfano plotted the detective's death.

## OLIVER M. FOSS BAILED.

North Stratford, N. H., Man, Accused of  
Manslaughter, Released.

Dover, N. H., May 26.—Oliver M. Foss of North Stratford, who is accused of manslaughter in causing the death of Peter Akerman, a neighbor, in a fist fight there May 10, and for whom Chief Justice Wallace of the superior court last week fixed bail at \$5,000, was yesterday released from the Dover jail.

Five Stratford residents and a Rochester man furnished the required bail. The case will come up before the September grand jury.

IDENTIFIED AS  
BAILEY'S BODYPositive Recognition of The Hiram  
Pond Remains Made By  
The Relatives.

Manchester, N. H., May 26.—The body of the man which was found floating in Hiram's pond in Hooksett Sunday afternoon, May 23, was positively identified as that of Augustus Bailey of this city. The identity was established by Mrs. Bailey, his wife, and Mr. and Mrs. George Bailey, his son-in-law and daughter, yesterday afternoon. A scar on the back and a broken collar bone were the marks of positive identification.

The details of the finding of the body by Joseph Taillefer and Joseph Campbell both of Suncook, and the description of the body as told in the columns of The Union, convinced Mrs. Bailey that the body was that of her husband which was proved at the examination yesterday afternoon.

The examination was made in the presence of the county officials and the fact developed that in the previous autopsy the wound and bruises about the head were not of a nature that were believed to be self-inflicted.

The theory of their presence was explained that as the body had been in the water during the winter that in the course of that time it had become entangled with floating sticks which together with the ice going out would be of sufficient force to penetrate the skin and muscles of the head and to closely resemble a bullet wound.

Another fact that weighed heavily towards foul play was that the lungs were free from water and that the rope and stone were so attached to the body that it evidently was intended that it should not ever rise to the surface and would therefore perfectly conceal a crime. This theory was also added to by the place on the pond where it was found, it being the most remote and inaccessible.

## LOWELL'S MAYOR ALERT.

He Is Trying to Have the Police Pension  
Business Stopped.

Lowell, Mass., May 26.—Mayor George H. Brown called the board of aldermen together in special session last night to ask that this city rescind its action whereby the legislative act relating to pensioning police officers on half pay was accepted here.

This action followed the retirement of Supt. W. B. Moffatt on half pay Monday at the end of the hearing on charges against the board of police in which Superintendent Moffatt's record was no attached. The aldermen postponed action on this and referred the matter of the legality of the superintendent's pension to the city solicitor.

In the mayor's communication to the board of aldermen he declared that the pensioning of police officers was becoming a burden on the taxpayers, that he had intended to prefer charges against the superintendent and that the pension act does not legally apply to the office of superintendent of police. He asked for the right to petition the legislature to exempt from the pension statute, the city of Lowell.

The matter is the climax of last fall's political campaign, when Mayor Brown, then a member of the police force, was the subordinate of the superintendent. They clashed then and they have clashed since. As a member of the Police Association, Mayor Brown was on the committee which obtained from the legislature the act which he now seeks to annul so far as Lowell is concerned.

Mayor Brown announced after the aldermanic meeting that while he is mayor he will not sign any payroll which would permit Superintendent Moffatt to draw his half pay and that he would not be bound by any opinion given by the law, except a court order which would direct him to pay the pension. He is also considering injunction proceedings.

## PHIL BROCK OUTCLASSED.

Eddie Welsh at Him in Twelve Rounds  
of Hard Fighting.

Boston, May 26.—Eddie Welsh of England outclassed Phil Brock of Cleveland, O., during twelve rounds of hard fighting in the 123-pound class at the Armory Athletic association last night.

In no round did the Ohio boy have any advantage, although he put a plucky fight and fought hard until the end. Welsh jabbed Brock in the face with a stiff left repeatedly and in the second round sent Brock to the floor three times with terrific right and left swings to the head. Before the fight was half over, Brock was bleeding profusely from the mouth. Welsh avoided punishment by clever ducking.

In the opening round Brock accidentally fouled Welsh but the latter declared he was not hurt and declared he was willing to continue.

In the semi-finals Jim Flynn of the West End said the giant negro, Bob Lee, on the canvas at the end of the first two minutes fighting.

Young McDonough of Manchester, N. H., put up a splendid battle against Max Baker of Boston. The fight was a hard slugfng match throughout which the New Hampshire boy showed cleverness and good hitting ability, and won the match.

Eddie Shevlin of Cambridge won from Young Eshelton of Boston at the end of the fourth round, the latter's seconds throwing up the sponge.

## SCRANTON FLYER WRECKED.

Six Cars Leave Track—Nobody Hurt,  
Officials Say.

Allentown, Pa., May 26.—The Scranton Flyer on the Central railroad of New Jersey was wrecked last night at Slate Dam, 15 miles west of here, by the breaking of a brake-beam. Six cars left the track. The train, which left Philadelphia at 6 p. m., was composed of a combination smoker and five coaches. A short distance below Slate Dam there is a bad curve and the train slowed up. As the brakes were applied the smoker turned completely over, dragging the remaining five cars from the rails and throwing them on their sides. The locomotive remained on the rails. None of the passengers was injured, officials say. A. B. Bennett of Scranton, the conductor, was slightly bruised.

MURDERED  
ON THE STREETLouis Swansett Shot Down,  
Dying Almost Instantly

## SUSPECT IS UNDER ARREST

Michael Phillippi Arrested Last Night.  
He Had a Revolver with Two Cham-  
bers Empty—It Is Alleged  
They Quarreled Over Girl.

Bonington, May 26.—Michael Phillippi was arrested at his room in this village late last night, charged with murdering Louis Swansett late yesterday afternoon. Phillippi made no resistance when arrested by Deputy Sheriff John Nash and pretended to be surprised, asking for what he was wanted. The officer found a .38-caliber revolver, with two chambers empty, on the man's person.

The murder was committed on Union street, in front of the residence of Charles H. Dewey, at 3:40 o'clock. Swansett was engaged in clipping Mr. Dewey's lawn. Mrs. G. H. Harwood, who lives in the next house, was at work in her flower garden which is separated from the Dewey lawn by a low hedge. Mrs. Harwood states that she had seen two men talking on the Dewey lawn but she was not looking in that direction when the shooting was done.

Mrs. Harwood and others in that vicinity think that two shots were fired, but only one took effect in Swansett's body and that entered the center of the victim's chest. Mrs. Harwood says that Swansett staggered and groaned for a minute or so, but he was dead by the time any one reached his side. She saw a man running away in the direction of Mount Anthony and disappearing in the woods at the foot of the Mountain. A large crowd of people gathered at the scene of the tragedy, and the victim's body was covered with a blanket and left until the arrival of the officials. Later it was removed to the undertaking rooms of Mr. Walbridge. State's Attorney Meagher at once started a pursuit of the man who had been seen running away and in the direction of Mt. Anthony. Telephone messages from the College farm stated that a man had been seen crossing the Barber farm and toward the mountain. The arrest of Phillippi was made at his room in this village at 10:30 last night.

It is alleged that Swansett and Phillippi were both suitors for the hand of a pretty Italian girl and that the former won out. The two men are said to have engaged in a quarrel yesterday forenoon and again in the afternoon. Swansett, the victim of the tragedy, was not quite 20 years of age and was engaged by Mr. Dewey, who is treasurer of the Bonington County Savings bank. Phillippi is 25 years of age and has been employed as a cooper at the Rutland railroad yards. He has lived in Bonington several years.

A HEAVY FINE  
FOR REBATINGQuaker Oats Company Pleaded Guilty  
in United States District Court at  
Windsor Yesterday Afternoon.

Windsor, May 26.—United States court roomed here yesterday afternoon Judge J. L. Martin, presiding. The Quaker Oats Co., through its attorney, G. F. Ladd of Richmond, pleaded guilty of rebating and was fined \$1,500. This case arose out of shipments of cereals from western points billeted to Boston over the Canadian Pacific railway, the latter company allowing the Quaker Oats Co., to unload its goods at Richmond, and then re-ship to other New England points without paying local tariff on such goods. This is claimed to be a technical violation of the interstate law against rebates. District Attorney Alexander Dunnett accepted the plea on one count of the indictment, not pressing the other twenty counts and recommending the fine above indicated which Judge Martin imposed. The Canadian Pacific railway company has paid a fine of \$1,000 for accepting rebates in the same case.

Joseph Levine of New York, who pleaded guilty to purchasing some blankets and uniforms from soldiers at Fort Ethan Allen, was fined \$50 without costs which was paid.

Newport, May 26.—The Methodist church has been without a bell for the past 30 years, but one supplied through the generosity of Mrs. Z. M. Mansur was yesterday put in place. The bell is 44 inches in diameter and weighs 4,400 pounds.

At 5:45 last night, A. C. Sleeper, the steward, sent the first bell notes echoing through the village and parishes and residents listened eagerly to the music that had been revived after so long a lapse of time.

The original bell was destroyed during a storm, when the tower of the church was demolished. Mrs. Mansur, the donor, is the wife of ex-Lieutenant Governor Mansur, and both she and her husband have, since their residence in Newport, been prominently identified with the society which she has remembered so generously.

## EMPLOYED BY A FARMER

He Drove Off to Market and Didn't Drive  
Back Again—His Employer's Team  
Found in Horse Sheds at  
South Royalton.

Chelsea, May 26.—Chas. E. Davis, who was sentenced in February, last, from Thetford to serve a four months' sentence in the local jail, having been found guilty of furnishing intoxicating liquor, and who has been working for Will A. Reed on the Randolph road for several weeks, has become a minus quantity, and the story runs thus:

Mr. Reed drives the road machine team and is at home at night only; Monday morning before leaving for his work, he instructed Mr. Davis to go to Tunbridge market to get a load of feed and gave him a check for about thirty dollars, with which to pay for the feed. Davis stopped at King's store and ordered the feed, saying he would be back later to get it but did not show up after that, going from Tunbridge toward South Royalton. When Mr. Reed returned from his work at night his man and the team had not put in an appearance and upon learning that he left his order for grain and then left the market, going south, since which time he had not been seen he thought it about time to notify Jailer Adams and go in search for his team.

He went to South Royalton and not finding his team at the livery stables made a tour of the church horse sheds where he found it hidden; but about no "trustee" Davis. Mr. Reed arrived home with his team about two o'clock Tuesday morning, but Mr. Davis has not as yet come home to root nor has he been heard from. Deputy Sheriff Adams left Tuesday morning in search of evidence concerning his whereabouts. Davis is an old offender, and has done time in Windsor.

## DEATH OF AGED MAN.

Lewis Cutts Was 93 Years Old, Being  
Next to the Oldest in Town.

The death of Lewis Cutts, who with one exception was the oldest person in Barre, occurred at 6:30 this morning at the home of his daughter, Mrs. W. F. Bradford of 30 Park street, after several years of failing health.

Mr. Cutts was 93 years of age and was born in the town of Orange on the 15th day of April in 1816. He spent many of the earlier years of his life there. During the years that he lived in Orange, and, in fact, during the most of his active life, he was a farmer. He was married February 3, 1839, to Miss Martha Peabody, who was his life companion until her death in August, 1908. The span of their married life was an extremely long one, lacking by a few months of 70 years.

From Orange Mr. and Mrs. Cutts moved to Newport, where they cleared a farm and resided until the time of the Civil war, when they moved to Barre. After a short stay in Barre they returned to Orange and resided there until eight years ago, when failing health obliged them to give up the activities of life and come to spend their declining years at the home of their daughter, Mrs. Bradford.

Six children were born to them and of these four are living, Mrs. Charles Larkin, Allen E. Cutts, and Mrs. W. F. Bradford of this city, and Wilbur L. Cutts of Groton. Mr. Cutts was a member of the Methodist church.

The funeral will be held Saturday afternoon at two o'clock. Friends are requested not to send flowers.

The one person in Barre who is known to be older than Mr. Cutts is Alvin F. Smith of West street, who celebrated his 94th birthday yesterday.

## NORTHFIELD ROBBERY.

L. Pochetti Thinks He Lost Over \$60  
to Marauders.

Northfield, May 26.—L. Pochetti, manager of the Italian grocery firm known as Pochetti & Co., claims that his store was visited by burglars Monday night. His story is to the effect that being absent his clerk left the cash in the register, between \$60 and \$70. Yesterday morning, failing to find money in the register, he went from a few pennies, he interrogated his clerk, who is his son, and that thereupon it was discovered that some person had forced open a window on the rear of the block, opened the cash register, taken the money and escaped by the same route. The roof of an addition or a lean to on the back side of the block slopes down to a comparatively short distance from the ground, and the fact that a wood pile is adjacent makes such a method of entrance supposedly easy. It is, however, pointed out that the night visitor must have been very cautious inasmuch as the cobwebs on the window and the dust on the window sill were not appreciably disturbed.

## WAIVED EXAMINATION.

It is claimed that the four people had a quarrel yesterday noon and that the son, G. Olin, struck Bottinelli under one of his eyes with his pocket knife. The blade of the knife was not open, but the latter had a bad bruise in consequence.
